CAREER OBJECTIVE

Detail-driven MCA Graduate looking to secure an entry-level Web Developer position. Passionate about writing clean, efficient code in Python, PHP and C, with a strong understanding of OOPs concepts, solving complex technical challenges, and delivering high-impact software solutions. Eager to grow professionally and thrive in a dynamic team environment.

EDUCATION

Master of Computer Applications (MCA) - Union Christian College, Aluva *2024 – 2026*

BSc Computer Science - St. Albert's College, Ernakulam *2021 – 2024*

TECHNICAL SKILLS

- **Programming Languages:** Python, Java, C, PHP
- **Database Management:** MySQL, SQL
- **Web Technologies:** HTML, CSS, JavaScript
- **Tools and platforms:** Git, GitHub, VS Code
- **Microsoft Tools:** Microsoft Word, Excel, PowerPoint
- **Frameworks:** Django

SOFT SKILLS

- Teamwork
- Adaptability
- Problem Solving
- Quick Learning

PROJECTS

Tutor Finder (Web Application)

- Developed a responsive platform using **PHP** and **MySQL** to connect students with subject-specific private tutors.
- Designed and integrated search and filtering modules using **HTML, CSS,** and **JavaScript**.
- Streamlined the user experience with an intuitive digital interface to replace manual offline searches.

AI Lab Guard – Smart Lab Monitoring and Scheduling System (Web Application)

- Engineered an intelligent lab management portal using **Python** and **Django** to automate lab-related activities.
- Implemented automated attendance marking using Face Recognition.
- Built an AI-driven anomaly detection engine to track background processes and secure lab terminals against restricted activities.

CERTIFICATIONS

- Database Management Systems (DBMS) Certification – NPTEL
- Data Analytics Certification – Nirmaan Organization

LANGUAGES

- English (Proficient)
- Malayalam (Native)
- Hindi (Basic Communication)
